

LOGO TAPE 999
Pad Cleaning Tape
MATERIAL SAFETY DATA SHEET

1. PRODUCT IDENTIFICATION	
Name of company	18675635171* 6833/665/0,
Brand name:	LOGO TAPE 999
2. COMPOSITION / INFORMATION ON INGREDIENTS	
Backing type:	polyethylene film
Adhesive type:	acrylic emulsion
3. RISKS IDENTIFICATION	
Physical / chemical risks:	nothing
Danger for the sphere:	nothing
Risks for the health:	nothing
Other information:	it burns if expose to direct flame
4. FIRST AID MEASURES	
Potential effects:	nothing
Ingestion:	improbable event
Inhalation:	no application
Skin contact:	wash with water and soap
Eyes contact:	no application
Other information:	-
5. FIREFIGHTING MEASURES	
Usual firefighting procedures:	carbon dioxide – water – foam - powder
Special firefighting procedures:	-
Fire / explosion risks:	-
Other information:	-

6. MEASURES IN CASE OF ACCIDENTAL OUTLET OF MATERIAL

Personal precautionary measures:	nothing
Sphere precautionary measures:	nothing
How to clean it:	-
Other information:	-

7. HANDLING AND STORAGE

Handling:	-
Storage:	-

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Respiratory protection:	-
Skin and body:	-
Hands:	-
Eyes:	-
Other information:	-

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state:	solid – rolls
Color:	-
Odor:	nothing

10. STABILITY AND REACTIVITY

Stability:	stable
Polimerization risks:	nothing
Other information:	-

11. TOXICOLOGICAL INFORMATION

Chemical name

Acute toxic:	-
Oral:	-
Dermal:	-
Inhalation:	-
Eyes contact:	-
Sensibility:	-
Other information:	-

12. ECOLOGICAL INFORMATION

Mobility:	-
Degradability:	-
Ecotoxic:	-
Other information:	-

13. DISPOSAL CONSIDERATION

Waste stuff treatment:	as solid urban waste stuff in conformity with the local law
Water pollution:	insoluble

14. TRANSPORT INFORMATION

Danger:	nothing
---------	---------

15. OTHER INFORMATION

Data and information in this safety sheet are based on the knowledge we worked out until the date of the last revision. We don't assure that the whole safety measures are here enclosed and, as a consequence, any other measures can be requested in particular and unusual conditions or circumstances. The operator must be sure of the aptitude and the wholeness of the information for the right utilization. LOGO-FLEX Klebetechnik GmbH doesn't incur any responsibility if the product is utilised in a way that is different from what was established
